4K UHD Resolution: Provides four times the resolution of standard Full HD, offering sharper and more detailed images for an immersive viewing experience.

Screen Brightness: A high brightness level of 1000 nits ensures the TV screen remains clear and visible even in outdoor daylight.

HDR Support: High Dynamic Range (HDR) enhances picture quality with vivid colours and improved contrast for a more realistic and dynamic viewing experience.

Weather Resistance: The IP55 rating certifies that the TV is protected against dust ingress and low-pressure water jets from any direction, making it ideal for withstanding outdoor elements.

Smart TV Functionality: Powered by webOS, this smart TV allows access to a world of entertainment, including streaming services, apps, and user-friendly smart features.

Smarter control: Integrating this webOS TV with home automation systems is simple via IP control protocols and readily available drivers.

Built-in Speakers: Integrated high-quality speakers provide clear and powerful sound, eliminating the need for external audio systems and simplifying the outdoor setup.

These features make this Outdoor IP55-Rated Semi-Shade Smart TV a durable, reliable, and versatile entertainment solution for various outdoor settings such as patios, outdoor kitchens, poolside areas, and commercial spaces.
