

Meet the new HUE HD Pro Camera

- C**reate presentations from text books of students' work books
- A**nimate with stop motion animation & time-lapse photography
- M**agnify objects like bugs, plants or text
- E**ntertain your students by photographing and filming classroom activities
- R**ecord sound & video of children talking, or use for web chat
- A**maze the class by projecting science experiments & demonstrations

**The HUE HD Pro is the perfect companion for any teacher; lightweight and portable, it can be carried from classroom to classroom with ease.**

**It's weighted base and gooseneck makes it easy to use in any position.**

### **What's new?**

- The length of the neck makes this camera perfect for viewing a full A4 page.
- The built-in LED lights will help illuminate your subject
- It comes with its very own software, HUE Intuition, which allows you to:
  - Record video and sound and save movies locally, email or upload to YouTube
  - Annotate images and save as .JPG/BMP/PNG/GIF
  - Take snapshots
  - Take multiple images over time
- Available for Windows and Mac OS X
- It's full of character, just like its older brother the HUE HD camera, but with a new design for the head and base.

CAMERA LIGHTS

FOCUSING RING

MICROPHONE
