Works with all major operating systems and video
conferencing software (PC, MAC, Chromebooks,
Microsoft Teams, Zoom, Workplace and many others)

✓ **'Liberty Edge' Warranty**
5-year product warranty, including advanced replacement

PERFECT FOR ALL SPACES

AS SIMPLE AS PLUG AND PLAY

Make a good impression on important conference calls, record polished demos, or present webinars in detailed **Full HD video and clear sound** with Liberty's DigitaLinx USB WebCams. Offering excellent compatibility to meet all your video conferencing needs. Use your preferred video application (Zoom, Teams, Google Meet, etc.).

Choose between 90° standard-view angle or 120° ultra-wide view.

Forget about unnecessary updates, maintenance or additional set-ups. All you need is a PC or Mac and our USB WebCam to start your video conferences. Being truly plug-and-play, no driver is required when using software platforms such as Zoom, Teams, Youtube, Facetime and other messaging applications.

YOUR FIELD OF VIEW MATTERS

Liberty's DigitaLinx USB WebCams are available in two different options with varying FOV: 90° standard-view angle or 120° ultra-wide view. Both camera options share the same features which include 1080p/30fps image sensor, tripod mount, security cap and built-in microphone. Designed to capture video & audio for conferencing and other applications such as streaming, webinars, distance learning, lecture capture, or personal chatting.

### DigitaLinx USB WebCam with 90° Field of View
(DL-WFH-CAM90)

DIGITALINX
BY LIBERTY AV SOLUTIONS

A 90-degree FOV lens gives you 2 feet for every 1 foot of distance from the camera. Most professional-grade video conferencing webcams operate within this standard field of view.

Ideal for:
• Individual use
• Small Conference Rooms
• Classrooms (Teacher/Presenter)

90° STANDARD

DigitaLinx USB WebCam with 120° Ultra Wide-Angle View
DL-WHF-CAM120 (Wide Angle)

DIGITALINX
BY LIBERTY AV SOLUTIONS
A 120-degree FOV lens provides 3.4 feet for every 1-foot distance from the camera. Most huddle room cameras will fall into the wide-angle category.

Ideal for:
• Larger spaces
• Classrooms
• House of Worship
• Medium to large Conference Rooms
• Classrooms (Students or Teacher)

120° WIDE
