Engagement elevated

Designed to make your life easier and student engagement soar, the SMART Board® MX Plus series keeps students engaged and saves teachers time while keeping it simple for IT management.

Make room for more:
More students, more ideas, more inspiration

Only SMART provides true multi-user interactivity. Students can write, erase, touch, and use digital manipulatives at the same time without interfering with each other's work.

An investment designed to last

Quality and interactivity for up to 10 years. With over-the air updates and OPS-based upgrade paths, the future-proofed MX Plus is designed to evolve alongside your classroom.

Effortlessly manage and support groups of displays with included SMART Remote Management software.

Empowers secure multi-user spaces

Global account profiles with four secure sign-on methods utilize your district's existing Google and Microsoft single sign-on (SSO) and save time for administrators.
