VS

Spark

Best for schools and districts

All the features of Standard

PLUS:

- Organization library
- Shared libraries
- Co-editing
- LMS integrations
- AI-generated activities (coming soon)

...with more to come!

The Spark plan

Organization library

A space for administrators to manage shared resources to help strengthen instructional consistency across grade levels and subjects, while helping promote usage across the organization.

Shared libraries and co-editing

Dedicated spaces for educators to collaborate, share content, and borrow from one another, with the ability to co-edit in real time.

LMS integrations

Integrations with Canvas and Schoology make for easier deployments and streamlined workflows, reducing the need for teachers to jump between platforms or browser tabs.

Generate

AI-generated activities (coming soon!)

Save teachers' time with the ability to use AI to generate standards-aligned questions and answers for quiz-based activities, including Response, Monster Quiz, Team Quiz, Game Show, and Speedup.

**Save costs and simplify your tech approach
with a tool that lets teachers do it all**
